| PC Interface | 2nd Cash Drawer | US/Can/Mex Currency | POS Printer | Slip Printer | Coin Dispenser | Scale Approved | Pole Display | Graphic Display | Kitchen Video | Video Surveillance | Scanner | Liquor Dispenser | SD Card Slot | Integrated Payment | EMV Ready | Integrated MCR |

SAM4s ER-915 is Great For Retail Merchants

Application Examples

Retail, Gift Shops, Convenience Stores, Bakery, Beer/Wine/Liquor, Specialty Food, Tobacco/Vape, Produce, Meat, Main Street Merchants

The traditional raised-key keyboard provides seven keyboard PLU keys. Keyboard PLUs act like traditional departments for open-priced entries or can be set as preset price keys. Large key size ensures easy-to-read key labels. Merchants who wish to scan can build their PLU file on the fly using the not-found PLU registration feature.

Optional Integrated MCR

Use the optional integrated card reader to swipe payment cards when integrated payment options are implemented.

SAM4s ER-915 Shown With Optional Card Reader

Popular Components Included

An extremely cost-effective and environmentally friendly bundle – each ER-915 electronic cash register includes a high quality cash drawer, high-speed thermal receipt and journal printers, and a rear customer display.

Operator Display
The easy-to-read, blue backlt, two-line by 16-character LCD operator screen identifies each item as it is entered.

Rear Display
The 9-digit LED customer display allows consumers to monitor prices as items are entered and view the sale total.

Quality Cash Drawer
Features a 5 bill, 5 or 6 coin insert with adjustable coin dividers, two media slots and a standard security lock and key.

Secure SD Port
SD Card Utilities include program Save/Load, report capture, firmware updates and graphics uploading.

Thermal Printer(s)

The ER-915 prints both a customer receipt and a traditional real-time printed journal on 58mm (2¼") paper. Prints up to a 6-line preamble and 6-line postamble receipt message at 32 characters per line. Optionally print a user defined graphic logo, coupon or advertising message.

Electronic Journal

The journal can be archived electronically for printing at end-of-day, can be collected on an SD card or USB thumb drive, or can be polled and collected by a PC. A variety of electronic journal reports are available that allow you to quickly audit selected activities.

Security and Management Control

Transaction voids, reporting and programming functions are restricted by manager's key lock control. Programmable options let you enforce the appropriate level of security for your business. Among many options, you can control coupons, discounts, voids, refunds, cancels and negative sales. Plus, the ER-915 provides strict cash control with enforced closed drawer and an open drawer alarm.

Ensure Speed, Security and Efficiency

- The ER-915 is electronic payment and gift card processing ready.
- Transactions, including EMV, can be processed quickly and safely using the Sterling SmartECR™ or the latest Datacap IPTran™ or PDC/TwinTran™ technology along with an appropriate PIN pad solution and a persistent internet connection.
- Out of scope semi-integrated processing is secure as no credit card information is stored in the ECR.
- Out of scope semi-integrated processing streamlines end of day reconciliation and eliminates dual entry keying errors.
- Out of scope semi-Integrated processing with an appropriate PIN pad enables mobile payment processing.

POS Connections and Options

Standard RS-232C Communication

Connect to a wide array of compatible off-the-shelf POS peripherals. Two RS-232C communication ports are standard and two additional ports are available for: • Direct or Modem PC Communications with Optional Polling Software • Kitchen Printer • Slip Printer • Coin Dispenser • Scale • Scanner • Pole Display • Kitchen Video • Liquor Dispenser • Video Surveillance • Semi-Integrated Electronic Payment Processing

Secure Connector Panel
Up to four RS-232C communication ports hidden behind a convenient, easy to access door located on the back of the unit.

Bar Code Scanning
Enjoy the advantages of scanning – price control, item movement reporting and labor savings.

PC Utility and SAM900
Use the PC Utility to save, edit and download programs. Poll your ECR from a local or remote PC using SAM900.

Remote Printing
Enjoy crisp high quality requisitions and orders from a high speed thermal POS printer.
